

# The Music Curriculum

September 2024 – July 2025

Intent	<p style="text-align: center;"><i>‘Music is a universal language that embodies one of the highest forms of creativity’ (The National Curriculum)</i></p> <p>Music is fundamental to our humanity and civilization. Every child deserves the opportunity to engage with music of all styles and from all cultures, in order to develop their own musical journey. The music curriculum at LCA aims to:</p> <ul style="list-style-type: none"> <li>• Develop skills in inquiry and critical thinking.</li> <li>• Support children to begin to feel and learn about social connectivity.</li> <li>• Deepen musical understanding and connect this with a child’s place in their community.</li> <li>• Support children to become globally aware and understand what it means to become a citizen of the world.</li> <li>• Ensure songs and singing lie at the heart of the learning process.</li> <li>• Create an authentic musical experience at the heart of musical learning.</li> <li>• Draw out musical learning by engaging with songs in each age and stage of development.</li> <li>• Be fun, modern, inclusive and engaging.</li> <li>• Help children to understand and connect with different styles of music from various cultures, particularly where cultures intersect.</li> <li>• Help children gain an understanding of historical and cultural contexts related to music.</li> <li>• Help children to form their own musical opinions and learn to make their own musical decisions, respecting our differences of opinion.</li> <li>• To provide opportunities for children to embed and practice their reading skills.</li> </ul>
Implementation	<p>The spiral design of our music curriculum provides the opportunity for children to be immersed in music-making activities that deepen over the course of the six years. More specifically, musical elements and concepts that are introduced to young children are continually revisited in more complex and intricate ways as children progress through subsequent year groups. As lessons progress through the units and year groups, key learning is repeated, musical skills are reinforced and the learning deepens. Children quickly become familiar with the musical activities, through which they acquire new, or reinforce previous, musical knowledge and understanding.</p> <p>This spiralled approach leads to more secure, deeper learning and musical mastery, enabling children to develop their knowledge and understanding of music as it relates to culture and their world experiences both in and outside of school. To support intense and rapid learning, the musical activities are designed in one of two ways:  The activities can be a repeat of the previous week, in order to embed and rehearse key musical skills.  The activities can be a repeat of previous musical skills but have different content, in order to strengthen and apply previous musical learning.</p> <p>We also enrich our music curriculum by providing opportunities for:</p> <ul style="list-style-type: none"> <li>• Children to learn to play another instrument of their choice through paid lessons (keyboard, guitar, ukulele, drums, LMS).</li> <li>• Children to sing in a choir and in a range of different performances and class assemblies.</li> <li>• Children to sing at least once a week as a whole school. (Every day in assembly)</li> <li>• Children to sing regularly in their classroom.</li> <li>• Children listen to live music during assemblies</li> </ul>
Impact	<p>When children leave Lincoln Carlton Academy they will be confident, competent and creative musicians. They will have developed a deep and rich subject knowledge of music and will have been given the tools they need to pursue the next stage in their musical journey, whether that is at their secondary school, learning or continuing to learn to play an instrument, joining an ensemble or composing their own music. The teaching of music appreciation will have supported children will develop a love of music and an appreciation of different musical genres from a range of historical periods and composers.</p>
