Reflections on 2024-25 priorities and their impact by outlining the performance of disadvantaged students detailing the impact made.

Intended outcomes	Intended Impact	Actual Impact
Quality first teaching for all	Students' progress data from their starting points will be in line with those peers who are not pupil premium and above the national average. Includes KS2 progress data, KS2 predictions and formative assessment. Target = Reduce any internal variation between PP and non-PP.	
Students who are SEND and PP progress well	Students' progress data to be in line with those peers who are non-PP/SEND. A range of progress data analysed, and actions agreed: EYFS/KS1/KS2 data for reading, writing and maths Children will have received targeted interventions to address SEND needs and progress will have been reviewed termly. Staff will have accessed support, guidance and training from the SENCO, Occupational Therapist, Specialist Teacher, and Behaviour Specialist from NeedBright Solutions.	
Improved levels of social, emotional, behavioural and wellbeing of PP children improves.	Children will be able to demonstrate use of the Five-Point Scale to support self-regulation. This will lead to a decrease in the number of PP pupils receiving consequence cards (recorded on red forms) and fixed term exclusions.	

Current Challenges: key challenges to achievement that we have identified among our disadvantaged pupils

Detail of challenge
12% of pupil premium students have experienced the death of a parent
29% also have a Special Educational Need.
5% are also considered Young Carers.
21% are also Team Around the Child (TAC), Child in Need (CIN) or Child Protection (CP) now or in the past.
White British students eligible for the pupil premium are the lowest performing group in statutory assessments.

Intended outcomes & how we will measure success

Intended outcome	Success criteria
Quality First Teaching for all students	Students' progress data from their starting points will be in line with those peers who are not pupil premium and above the national average. Includes KS2 progress data, KS2 predictions and formative assessment. There will be a reduction in the variation between pupil premium and non-pupil premium students.
Students who are SEND and Pupil Premium progress well	Students' progress data to be in line with those peers who are non-Pupil Premium/Non-SEND. A range of progress data analysed, and actions agreed: EYFS/KS1/KS2 data for reading, writing and maths Children will have received targeted interventions to address SEND needs and progress will have been reviewed termly. Staff will have accessed support, guidance and training from the SENCO, Occupational Therapist and the Specialist Teacher.
Improved levels of social, emotional, behavioural and wellbeing of Pupil Premium children.	Children will be able to demonstrate use of the Five-Point Scale to support self-regulation. This will lead to a decrease in the number of Pupil Premium students receiving consequence cards (recorded on red forms) and fixed term exclusions.
